Thanks Lupita.

I checked with Sharon, and this is a different site that I am referring to. The one you've been working on with her is on Sunset Boulevard, yes, but farther west, in CD-4.

The utility box is located at Van Ness and Sunset, behind Denny's, which is in CD-13. This is a new site for all of us to work on, and we want to have a group meeting at Denny's to work through some problem solving. Here is a photo of that "contraption." We are working with the council office on this, and they will be involved with this meeting. I've copied the staff.

The other building is behind Gower Gulch and we'd like to do a walk-around with you on that as well. Dan Halden is on our team; he is cc'd here. The BID can do some beautification, but there are things that ATT can do as well and we would like to have that conversation.

Can I work with James and Joseph to set up a meeting?

Kerry

Hi Kerry –

Thank you for reaching out. Yes, I thought you were going to send me an email following our conversation as I was driving.

At any rate, I have included our Corporate Real Estate team. As we discussed, we have been working with Sharon Shapiro of CD4 and LAPD SLO on one of the sites.

Hi Lupita, I was out of town for a couple days, but I know you said you were going to connect us with one of your colleagues there at ATT to follow up on our two issues here in Hollywood.

If I missed that email, my apologies.

Kerry

Thanks, Kerry!

Greetings again, Lupita and James. Hope all is well.

Please include CD13 (myself and Marisol) on any meeting; we want to stay involved regarding these matters and will make ourselves available for a meeting.

Thanks again,

Dan Halden
